

Who are we?

Fair2C is the FairCapital Consumer Cooperative. We support Fairtrade certified producer organizations with financing solutions and contribute to awareness for Fairtrade Max Havelaar products. Fair2C represents a community of impact investors, both private persons and legal entities.

How does it work?

1. Capital contributions from **members** (minimum CHF 5'000.-) are exclusively used to finance Fairtrade certified smallholder farmer organizations.
2. Selected **producer organizations** receive credit lines to cover financing needs during the harvest season. The reimbursements with interest cover expenses, risk and opportunity cost.
3. Responsible consumers who purchase **Fairtrade certified products** are also welcome to join Fair2C as investors and to participate in our activities.

Our Impact

Fair2C achieves its impact by enabling additional sales into the Fairtrade system through prefinancing the production and export of certified products. We give our members **full transparency** about the impact of our activities. Since the beginning of 2021, we have ...

SUPPORTED 12 ORGANIZATIONS WITH HARVEST PRE-FINANCING

ENABLED THE EXPORT OF 86 CONTAINERS OF FAIRTRADE COFFEE

CONTRIBUTED TO 5 OF THE U.N. SDGs (1, 2, 5, 8 AND 12)

Join the Fair2C Community!

- ✓ Capital preservation
- ✓ Limited liability

Community

- ✓ Governed & owned by its members
- ✓ Independent board

About Fair2C: Fair2C is a Swiss cooperative that has its own governing bodies. It acts independently, in the best interest of its members. The board is elected for 3 years by the general assembly.

About FairCapital: Fair2C appointed FairCapital as its service provider. FairCapital's portfolio of 50+ Fairtrade farmer cooperatives and sustainable agribusinesses, was initially developed with the support of institutional investors like Stiftung Abendrot. The partners are based in Switzerland and Colombia, working with an investment team and local advisors in Latin America and Africa.

12 farmer organizations supported by Fair2C

- All from the FairCapital's portfolio
- More than 13'000 smallholder farmers
- Producing Fairtrade and Organic certified coffee
- 5 different countries from Latin America
- USD 4.8M of financing provided
